

Hatter M Volume 2

"I wish to read this for Frank Beddor has introduced us into a world parallel to the sweet Alice in Wonderland story we all know."
Sammi-Jo F wrote this review yesterday.

Rated 5 stars

"I am crushing on another fictional character."

Rated 4 stars

"Frank Beddors twist on Alice in Wonderland is creative, and amazing, love this graphic novel, it is intense and interesting. The mad hatter as a bodyguard! Love it."

Rated 3 stars

"Very nice addition to the story. It allows for more to take place without effecting the continuity of the trilogy"
smog wrote this review Monday, May 25 2009.

Rated 1 stars

"Bad graphic novel of a ok book series. Being that the writer of these books is a movie producer (not to mention Olympic skier) these will be made into movies which will be (in this case) better than the actual books."

Rated 5 stars

"I give these stories 5 stars because the artwork is amazing! Its a collection of comics about Hatter Madigan (Looking Glass Wars) and his "adventures" on earth while he searches for Alyss of Wonderland for 13 years. Frank Beddor is great, and he gets extra points for being very friendly and down to earth"
